All investments involve risks including loss of principal invested. Past performance of a security does not guarantee future results or success.

HYIP which stands for High Yield Investment Program is just what it sounds like, a program offering a high yield investment. HYIP's are offering probably the most profitable investments available today, much more than any bank or investment fund. We advise you to invest an equal amount of money in as many as possible of the programs above! If you have diversified your investment between several HYIPS and one of them goes down, you will still have most of the money left in the other programs. The number one reason why people are losing money in High Yield Investment Programs is because they don't diversify. That's the reason why we want you to use this strategy.

Our goal is to change the standards and help people start making money from HYIP's - instead of losing them. We are experiencing great success using this strategy, and we want YOU to become successful too. Diversification really IS the key to success when investing in High Yield Investment Programs.

We recommend to do serious diligent research before investing on the any of program. It is best to learn all the strategies and techniques to minimize risk of losses and to make own Due diligence process. Due diligence is the process of investigating a potential investment. It is a way to verify the validity of a particular program's real investment opportunities.

The information and data were obtained from sources believed to be reliable, but we do not guarantee its accuracy. Some programs may be illegal depending on your country's laws. Past Performance of any of programs is no guarantee for the same or similar future performance.

STF "Survival Of The Fittest" HYIP Monitor. That Works for You, Not Against You!!! HYIP monitor helps investors to obtain quick and reliable information on high yield investment programs. We have personally invested in all the hyip programs. We don't accept any Promo offers, Special plans, Monitor Bonuses etc. We do not OWN, PROMOTE or ENDORSE any HYIP> program. We are monitoring all HYIP monitors to show You investments status on all of them at one page. STF is a totally non biased hyip monitor and all hot hyips are there!
